

Common Questions

- ❑ What do I need to bring?
 - A water bottle
 - any snacks that you need (especially if you have not mentioned a medical or dietary preference)
 - Class notes if you would like to have them available- you can find download and print these prior to class or bring your laptop/tablet

- ❑ What should I wear?
 - You can wear whatever you are comfortable in. I do think most students choose to wear scrubs because the lab is hands on with cadavers.

- ❑ Do I need to bring lunch?
 - Lunch is provided, but if you are picky or have specialty dietary needs not communicated, feel free to bring whatever you wish.

- ❑ Will class go until 5:00 PM or we be able to leave early?
 - Class is scheduled until 5:00 PM, but if the group and I took a short lunch, we could finish early.

- ❑ What if I am only signed up for lecture but would like to stay all day?
 - Please discuss this with Lauren. If there is room, Lauren will send a link to pay the remaining fee that can be paid within the next 5 business days. If there is not room unfortunately, we cannot compromise the student to teacher ratio, and you can attend a future class.
